Application for WOMBAT/MoCaO Student Support Scheme (WMSSS)

Eligibility

To be eligible for the WOMBAT/MoCaO student support scheme (WMSSS), you must:

1. Be currently enrolled in an honours or postgraduate degree program in a mathematical science, at an Australian institution.

2. Be a member of AustMS and MoCaO, or join at the time of this application (AustMS membership may be free if you meet criterion 1; details are here);

3. Provide details of the estimated costs of your travel and participation, including accommodation and air fare estimates.

4. Provide details of what other funding is available to support your participation; note that the WMSSS support is limited and will not be sufficient to cover all of your costs.

5. Attend and present on your work at the conference*;

   *If you travel to Perth and then are unable to present your work because you subsequently test positive for COVID, then you must instead provide the positive PCR test result.

6. (After the event) Provide paid invoices before any WMSSS award can be processed.

Application Instructions

In the application form on the WOMBAT website, be sure to:

1. Provide details of (1)—(4) above, including start dates, supervisors, and details of any publications or preprints to come out of your research so far;

2. Include a copy of the title and abstract you have submitted for WOMBAT 2022;

3. Make sure all included e-mail addresses are institutional ones.

Note about cancellations and COVID-19

The WMSSS will not provide support for your trip to Perth if you must cancel it before departing for any reason (including illness or a positive COVID test). Make sure that your trip is properly insured for such eventualities (check with your institution).
